To Whom it May Concern:

In our business, customers write us checks or do not pay on their account. When we have trouble, we turn to Curtis and Valerie Fort with Construction Credit & Finance Group, LLC. I have been a client for some time now and I am not disappointed. I met Curtis at an Illinois Ready Mix Association Conference. He had a booth set up and talked about his business. I picked up information and have been a customer ever since.

In my opinion, Curtis & Valerie work hard to collect money owned to our business. Curtis and Valerie in my opinion also make me feel like they care about our business. They keep communication with us no matter the size of the account.

I do recommend Curtis and Valerie Fort of Construction & Finance Group, LLC.
